

Preface

Proceedings of “The 11th National and the 9th International Conference on Research and Innovation: “Community Economic Development with BCG Model” aim to disseminate the knowledge body from research findings from public and private educational institutions and provided as a platform for research presentation to the public, including exchanging knowledge and experiences among researchers and those who are interested both inside and outside the country. The conference is organized on Sunday, May 26, 2024, at Northeastern University, Khon Kaen through online platform. Those who are interested can download full articles at <http://conf.neu.ac.th>

The Board of conference organization would like to thank researchers, academics, authors, internal and external experts, including network institutions, for participating in the event, who produce quality work which meets the objectives. Eventually, the board hopes to achieve cooperation as usual in the next opportunity.

Assistant Professor Dr. Kanok-on Boonmee
Chairman of National and International Conference
